Points are awarded as follows:

Win	4
Draw	2
Loss	0
Late to Refereeing (note 1)	-2
Failure to Referee (note 2)	-4
Abuse of Referee (note 3)	-8
Default (note 4)	-8

Note 1: Late to Refereeing means the allocated referees are not ready to referee when the game is due to start and as a result the game starts late using the allocated referees.

Note 2: Failure to Referee means the allocated referees are not ready to referee when the game is due to start and the game has commenced or about to commence using alternate referees in the absence of the allocated referees.

Note 3 Abuse of Referee constitutes any unsportsmanlike conduct exhibited by a player or coach towards a Referee

Note 4: Default means where a team, of at least four players, fail to be in a position to commence the game within two minutes after the scheduled start time.

In the event of teams being on equal points, the following procedure will be used to determine the final placing of the teams from round robin play:

- Firstly: the ratio of goals scored for divided by goals against (to four decimal points), if the teams are still tied then;
- Secondly: the result of the head to head game, if the teams are still tied then;
- By the toss of a coin under the supervision of the Tournament Director or Tournament Referee.

6.5 Composite and Invitation Teams

Composite teams (those with students from different schools) are ineligible to win medals or to qualify for Schools Nationals.

These teams will be seeded at the bottom of the table after round robin games (based on the points if more than one composite team in the grade) and will participate from this position where and if applicable.

Points gained by teams playing against Composite or Invitation Teams **will** count towards team rankings.

6.6 Back Chat to Referee

Any abuse of referees or back chat will incur an automatic two-minute time penalty. Game points may be deducted for any back chat or abuse of the referees and officials.

Coaches will be sent from their team's playing area for any back chat or abuse of the referees and officials.

Any abuse of referees / officials outside of playing time will be referred to the Tournament Director for further action including referral to the Tournament Jury.

6.7 Refereeing

In all round robin games (up to the commencement of seeded games), refereeing will be allocated to the competing teams.

Each team must provide:

- An experienced chief referee, and
- Three in-water referees

All team referees must be at least **level one qualified**. **Those that have completed the L1 course but yet to complete the practical requirements (classed as L1 Provisional) may only ref if accompanied by an experienced referee.**

The chief referee must be an experienced level 1 referee due to the importance of the role (the chief referee is in complete control of the game)

It is imperative that all referees are on time to ensure that the tournament runs to time. There are significant point penalties for not refereeing or being late for refereeing and these will be strictly enforced.

Referees will be allocated to the semi-finals, finals and playoffs from the senior referees attending.

The Tournament Referee may (and without notice) at their discretion alter the number of Referees required for a game and or allocate the game to Pro Referees.

6.8 Coaches

Teams are limited to one non-playing person, usually the coach, in the water. This is due to pool size constraints.

- Only one coach per team is permitted in the water and may only enter the court after a goal has been scored.
- Coaches will be provided with a Lime Green coach's cap which must be worn whilst in the water.
- Coaches may not wear Referee's vests or caps or a cap which is black, white or red in colour.
- Coaches may be removed from the playing area if they impair the referees' vision of the game

7.0 Specific Playing Rules for this Tournament

The Tournament Referee or Tournament Director may amend the rules under which the tournament is run at any time. Any such changes will be advised to the Teams by e-mail, if prior to the tournament, or will be posted on the tournament notice board, if during the tournament.

7.1 Equipment

All equipment must comply with section 3.3 of the International Rules.

Caps

- Players' caps must match the stick colour i.e. White or Dark. A team may however, seek dispensation to wear distinctive cap colours or patterns with the Tournament Referee (c/- competitions@underwaterhockeynz.com), prior to the commencement of the Tournament.
 - Teams which do so will be required to wear these caps (which must have firm polyethylene or rubber ear protectors) in all games in which they play throughout the Tournament.
 - Two sets are required one White and one Dark
 - The decision of whether cap colour or pattern is distinctive is that of the Tournament Referee and that decision will be final.
- Each player's cap number must be different from the rest of the team and players are required to use the same numbers for the duration of the tournament. (Rule 3.2.2)

Bathing Suits

- Teams must have bathing suits of the same design and colour however, only one suit is required for the Championships.

7.2 Substitutions

- The substitution area is located in the designated areas on the pool side at the end that the team is defending. Substitutions can occur only in this area.
- A substitute player cannot enter the playing area until the exiting player is fully out of the pool including Fins. This is the "Fins Out" Rule.
- For safety reasons no diving into the pool is permitted.

7.3 Player Identification

In addition to the cap numbers as above, playing numbers are to be written on the forearms and both upper arms of each player. The number must be the same as the cap number and must not exceed 75mm in height.

In addition, Captains and Vice Captains: Captains and Vice-Captain will be labelled on their shoulder with C or VC.

No other writing is to appear on the player's body or equipment.

7.4 Time penalties

The penalty areas are located at halfway on the side of the pool

Time penalties commence at the latter of:

- The player is seated in the penalty area or

- Play has recommenced.

In the case of a Total Dismissal, including that of a coach, the referees must give a report to the tournament jury which will decide if there are grounds for further consequences regarding participation in the duration of the tournament. The Tournament jury will consist of the Tournament Chief Referee (Chair), Tournament Director and another independent senior official

7.5 Head Shots (Dangerous Play – ref 17.13)

Head shots are a major safety issue and the following is to be strictly enforced:

Any head shot will be subject to time out penalty consideration

- A head shot considered accidental may incur a 2-minute penalty
- A head shot NOT considered accidental will incur at least 5-minute penalty

Accidental will not include

- A head shot resulting from a clear (non-contested) flick or pass of the puck
- A head shot resulting from an advantage puck or a penalty shot being played

The referees have sole judgement on the determination of the penalty to be awarded.

7.6 Appealing after a Match (refer to appendix 1 of this Managers Briefing Pack)

If a team wishes to appeal the conduct of a game after the match, then:

- The appeal must be announced to the Tournament Director within 15 minutes of the end of the match
- The appeal must be made in writing and accompanied by a cash deposit of NZ\$200.00 and be lodged by the team Captain or Coach with the Tournament Director (or his delegate) at the Control Table within 30 minutes of the end of the match.
- The appeal will be held in accordance with the rules set out in Appendix 1 of this Managers Briefing pack.

7.7 End Wall – Behind the goals

As this pool has no solid wall at the ends of the goals:

- If the puck goes directly over the goal bin, no goal will be awarded – an equal puck is to be awarded
- In the event of a penalty shot being awarded. Once the start of play has been signaled the defender is to descend straight down with their hand in contact with either the bulkhead or barrier, except where there is no bulkhead or barrier to make contact with. The defender may not advance forward until the puck is played by the attacking team.

8.0 Pool Set Up - Refer to attached Pool diagram

8.1 Court Set Up

- Court 1 is on the grandstand side
- Court 2 is nearest the windows
- White starts on Entrance end of pool and starts on the dive well end of the pool
